

NEW TRAINING YEAR 2022 - 2023!

With summer almost over, we are beginning to plan our return to the new Training Year! We hope everyone has had an excellent summer.

We would like to confirm which Cadets are planning on returning this September for the new training year. This will allow us to manage and streamline our upcoming administration night.

We are asking Cadets to complete the following survey (whether you are coming back or not) as soon as possible:
